A BRIEF HANDBOOK OF ENGLISH
AUTHORS.

BY OSCAR FAY ADAMS. 16mo, 75 cents.

This book gives in a compact form and in alphabetical order just the kind of information about English authors which is desired and gratefully appreciated by every one who reads books at all.

Mr. Adams has done his work with excellent taste, sound judgment, and good scholarship; and his Handbook is to be commended as the most serviceable book of its kind which has yet appeared. — *Christian Union* (New York).

For ready reference, the little book will be found to be extremely valuable in furnishing a clew to the discovery of the works of an author in whom one chances to be interested. — *Boston Journal*.

This is one of those *handy* books that ought to be on everybody's table. We have wished for just such a volume a hundred times in our experience. — *Lutheran Observer* (Philadelphia).

One of the most useful little books we know of. . . . It may be heartily recommended to students of literature. — *Quebec Chronicle*.

The book in general evinces remarkable powers of condensation, great accuracy, and a distinct literary taste. — *Good Literature* (New York).

It fills an important place among books of reference. — *Worcester Spy*.

A valuable addition to the reader's desk. — *Boston Transcript*.

The Little Book

MADE POSSIBLE BY HIS KINDLY

ENCOURAGEMENT.

PREFACE.

IN preparing this brief handbook the writer has especially considered the needs of that large class of readers who have neither means nor disposition to provide themselves with costly biographical works of reference. Necessarily subject to limitations, the book nevertheless includes in its scope more or less extended notice of most of the persons known to American literature. In no other work, so restricted as to size, can be found as many names, or mention of so many authors who have recently achieved distinction. A few names which might reasonably be looked for in this volume are omitted by the wish of their owners, and the absence of data after some others may be similarly explained. The names of two or three persons are included which also have place in the "Handbook of English Authors," their literary work having been done in both countries.

To the many authors in England and America who have cordially coöperated with the writer in his work he desires to express his sincere thanks, as well as to the following persons who have rendered valuable assistance: Mr. Horace E. Scudder, Colonel T. W. Higginson, and Miss C. F. Bates, of Cambridge, Mass.; Mr. E. C. Stedman, Mr. Rossiter Johnson,

Mr. G. P. Lathrop, and Mr. Wm. Winter, of New York City ; Mr. James Berry Bensen, of Lynn, Mass. ; Mr. David Hutcheson, of Washington, D. C. ; Miss Frances Bigelow, of Worcester, Mass. ; Mr. Wm. M. Rossetti, Mr. Austin Dobson, Mr. M. D. Conway, and Mrs. Howitt-Watts, of London, England.

That the work as it stands leaves much to be desired no one is more fully conscious than the writer ; but if, imperfect as it may be considered, it shall yet be found of substantial service to those for whom it was written, it will have attained the end which he had in view.

OSCAR FAY ADAMS.

American Men of Letters.

EDITED BY

CHARLES DUDLEY WARNER.

A series of biographies of distinguished American authors, having all the special interest of biography, and the larger interest and value of illustrating the different phases of American literature, the social, political, and moral influences which have moulded these authors and the generations to which they belonged.

This series when completed will form an admirable survey of all that is important and of historical influence in American literature, and will itself be a creditable representation of the literary and critical ability of America to-day.

Washington Irving. By CHARLES DUDLEY WARNER.

Noah Webster. By HORACE E. SCUDDER.

Henry D. Thoreau. By FRANK B. SANBORN.

George Ripley. By OCTAVIUS BROOKS FROTHINGHAM.

J. Fenimore Cooper. By PROF. T. R. LOUNSBURY.

Margaret Fuller Ossoli. By T. W. HIGGINSON.

IN PREPARATION.

Ralph Waldo Emerson. By OLIVER WENDELL HOLMES.

Edgar Allan Poe. By GEORGE L. WOODBERRY.

Edmund Quincy. By SIDNEY HOWARD GAY.

Nathaniel Hawthorne. By JAMES RUSSELL LOWELL.

William Cullen Bryant. By JOHN BIGELOW.

Bayard Taylor. By J. R. G. HASSARD.

William Gilmore Simms. By GEORGE W. CABLE.

Benjamin Franklin. By JOHN BACH MCMASTER.

Others to be announced hereafter.

Each volume, with Portrait, 16mo, gilt top, \$1.25.

"WASHINGTON IRVING."

Mr. Warner has not only written with sympathy, minute knowledge of his subject, fine literary taste, and that easy, fascinating style which always puts him on such good terms with his readers, but he has shown a tact, critical sagacity, and sense of proportion full of promise for the rest of the series which is to pass under his supervision. — *New York Tribune*.

Mr. Charles Dudley Warner has made an admirable biography of Washington Irving, and his critical estimate of the man and the writer is unbiased, well weighed, and accurate. — *Philadelphia Press*.

It is a very charming piece of literary work, and presents the reader with an excellent picture of Irving as a man and of his methods as an author, together with an accurate and discriminating characterization of his works. — *Boston Journal*.

It would hardly be possible to produce a fairer or more candid book of its kind. — *Literary World* (London).

"NOAH WEBSTER."

Mr. Scudder's biography of Webster is alike honorable to himself and its subject. Finely discriminating in all that relates to personal and intellectual character, scholarly and just in its literary criticisms, analyses, and estimates, it is besides so kindly and manly in its tone, its narrative is so spirited and enthralling, its descriptions are so quaintly graphic, so varied and cheerful in their coloring, and its pictures so teem with the bustle, the movement, and the activities of the real life of a by-gone but most interesting age, that the attention of the reader is never tempted to wander, and he lays down the book with a sigh of regret for its brevity. — *Harper's Monthly Magazine*.

Mr. Scudder has done his work with characteristic thoroughness and fidelity to facts, and has not spared those fine, unobtrusive charms of style and humor which give him a place among our best writers. — *Christian Union* (New York).

This little volume is a scholarly, painstaking, and intelligent account of a singularly unique career. In a purely literary point of view it is a surprisingly good piece of work. — *New York Times*.

It fills completely its place in the purpose of this series of volumes. — *The Critic* (New York).

"HENRY D. THOREAU."

Mr. Sanborn's book is thoroughly American and truly fascinating. Its literary skill is exceptionally good, and there is a racy flavor in its pages and an amount of exact knowledge of interesting people that one seldom meets with in current literature. Mr. Sanborn has done Thoreau's genius an imperishable service. — *American Church Review* (New York).

Mr. Sanborn has accomplished his difficult task with much ability. . . . He has told in an entertaining and luminous way the strange story of Thoreau's remarkable career, and has expounded with much appreciative sympathy and analytical power the moral and intellectual idiosyncrasies of the most striking and original figure in American literature. — *Philadelphia North American*.

Mr. Sanborn has written a careful book about a curious man, whom he has studied as impartially as possible; whom he admires warmly but with discretion; and the story of whose life he has told with commendable frankness and simplicity. — *New York Mail and Express*.

It is undoubtedly the best life of Thoreau extant. — *Christian Advocate* (New York).

"GEORGE RIPLEY."

Mr. Frothingham's memoir is a calm and thoughtful and tender tribute. It is marked by rare discrimination, and good taste and simplicity. The biographer keeps himself in the background, and lets his subject speak. And the result is one of the best examples of personal portraiture that we have met with in a long time. — *The Churchman* (New York).

He has fulfilled his responsible task with admirable fidelity, frank earnestness, justice, fine feeling, balanced moderation, delicate taste, and finished literary skill. It is a beautiful tribute to the high-bred scholar and generous-hearted man, whose friend he has so worthily portrayed. — *Rev. William H. Channing* (London).

Mr. Frothingham has made a very interesting and valuable memoir, and one that can be read with profit by all aspirants for recognition in the world of letters. He writes affectionately and admiringly, though temperately. — *Chicago Journal*.

It is a valuable addition to our literature. The work was committed to a skilled hand, and it is executed with the delicacy of perception and treatment which the subject required. — *Charleston News and Courier*.

"JAMES FENIMORE COOPER."

We have here a model biography. We venture to believe that the accuracy of its statements will not be challenged, its absolute impartiality will not be questioned, the sense of literary proportion in the use of material will be appreciated by all who are capable of judging, the critical acumen will be intensely relished, and to the mass of readers who care little for facts, or impartiality, or literary form, or criticism, the story of the life will have something of the fascination of one of the author's own romances. For the book is charmingly written, with a felicity and vigor of diction that are notable, and with a humor sparkling, racy, and never obtrusive. — *New York Tribune*.

Prof. Lounsbury's book is an admirable specimen of literary biography. . . . We can recall no recent addition to American biography in any department which is superior to it. It gives the reader not merely a full account of Cooper's literary career, but there is mingled with this a sufficient account of the man himself apart from his books, and of the period in which he lived, to keep alive the interest from the first word to the last. — *New York Evening Post*.

Those who are not familiar with Prof. Lounsbury as an author will be surprised to find how well he writes. His style is admirable, — clear, pure, animated, and especially marked by the quality known best to the general reader as readable. He tells the story of Cooper's life with an interest that never flags, and he invests it with an attraction that few would have supposed it to possess. — *Boston Gazette*.

HOUGHTON, MIFFLIN & CO., BOSTON, MASS. :

American Statesmen.

*A Series of Biographies of Men conspicuous in the
Political History of the United States.*

EDITED BY

JOHN T. MORSE, JR.

The object of this series is not merely to give a number of unconnected narratives of men in American political life, but to produce books which shall, when taken together, indicate the lines of political thought and development in American history, — books embodying in compact form the result of extensive study of the many and diverse influences which have combined to shape the political history of our country.

The series is under the editorship of Mr. JOHN T. MORSE, JR., whose historical and biographical writings give ample assurance of his special fitness for this task. The volumes now ready are as follows: —

John Quincy Adams. By JOHN T. MORSE, JR.

Alexander Hamilton. By HENRY CABOT LODGE.

John C. Calhoun. By DR. H. VON HOLST.

Andrew Jackson. By PROF. W. G. SUMNER.

John Randolph. By HENRY ADAMS.

James Monroe. By PRES. DANIEL C. GILMAN.

Thomas Jefferson. By JOHN T. MORSE, JR.

Daniel Webster. By HENRY CABOT LODGE.

Albert Gallatin. By JOHN AUSTIN STEVENS.

IN PREPARATION.

John Adams. By JOHN T. MORSE, JR.

James Madison. By SIDNEY HOWARD GAY.

Henry Clay. By HON. CARL SCHURZ.

Samuel Adams. By JOHN FISKE.

Martin Van Buren. By HON. WILLIAM DORSHEIMER.

Others to be announced hereafter. Each biography occupies a single volume, 16mo, gilt top. Price \$1.25.

ESTIMATES OF THE PRESS.

“JOHN QUINCY ADAMS.”

That Mr. Morse's conclusions will in the main be those of posterity we have very little doubt, and he has set an admirable example to his coadjutors in respect of interesting narrative, just proportion, and judicial candor. — *New York Evening Post*.

The work is done in a vigorous and every way admirable manner, which it is not too much to say touches the high mark of impartial but appreciative history. — *Independent* (New York).

Mr. Morse has written closely, compactly, intelligently, fearlessly, honestly. — *New York Times*.

“ALEXANDER HAMILTON.”

The biography of Mr. Lodge is calm and dignified throughout. He has the virtue — rare indeed among biographers — of impartiality. He has done his work with conscientious care, and the biography of Hamilton is a book which cannot have too many readers. It is more than a biography ; it is a study in the science of government. — *St. Paul Pioneer-Press*.

Mr. Lodge's portrait of Hamilton is carefully, impartially, and skilfully painted, and his study of the epoch in which Hamilton was dominant is luminous and comprehensive. — *Philadelphia North American*.

“JOHN C. CALHOUN.”

Dr. von Holst's volume is certainly not the least valuable of the three that constitute the series, so far as it has at present progressed ; and of the series, as a whole, it may be said that if the succeeding volumes are of the same high order of excellence as those that have already appeared they will serve a valuable purpose, not only as exemplifying American statesmen, but as a means of training in statesmanship. — *Boston Journal*.

Nothing can exceed the skill with which the political career of the great South Carolinian is portrayed in these pages. The work is superior to any other number of the series thus far, and we do not think it can be surpassed by any of those that are to come. The whole discussion in relation to Calhoun's position is eminently philosophical and just. — *The Dial* (Chicago).

"ANDREW JACKSON."

Prof. Sumner has written what we think may rightly be called an impartial life of perhaps the strongest personality that was ever elected President, and yet he has not made his story dull. He has, . . . all in all, made the justest long estimate of Jackson that has had itself put between the covers of a book. — *New York Times*.

Professor Sumner's account and estimate of Andrew Jackson as a statesman is one of the most masterly monographs that we have ever had the pleasure of reading. It is calm and clear. — *Providence Journal*.

A book of exceptional value to students of politics. — *Congregationalist* (Boston).

"JOHN RANDOLPH."

The book has been to me intensely interesting. I have been especially struck by the literary and historical merit of the first two chapters: they are terse; full of picture, suggestion, life; with fine strokes of satire and humor. The book is rich in new facts and side lights, and is worthy of its place in the already brilliant series of monographs on American Statesmen. I heartily congratulate Mr. Morse over the solid success the series has already won. — Prof. MOSES COIT TYLER.

Remarkably interesting. . . . The biography has all the elements of popularity, and cannot fail to be widely read. — *Hartford Courant*.

A most lively and interesting volume. — *New York Tribune*.

"JAMES MONROE."

In clearness of style, and in all points of literary workmanship, from cover to cover, the volume is well-nigh perfect. There is also a calmness of judgment, a correctness of taste, and an absence of partisanship which are too frequently wanting in biographies, and especially in political biographies. — *American Literary Churchman* (Baltimore).

At last the character of this distinguished statesman has received justice at the hands of the historian. His biographer has written the most satisfactory account of the life of this illustrious man which has been given the country. — *San Francisco Bulletin*.

A volume which gives an excellent and well-proportioned outline of the eminent statesman's career. — *Boston Journal*.

“THOMAS JEFFERSON.”

The requirements of political biography have rarely been met so satisfactorily as in this memoir of Jefferson. . . . Mr. Morse has shown himself amply competent for the task, and he has given us a singularly just, well-proportioned and interesting sketch of the personal and political career of the author of the Declaration of Independence. — *Boston Journal*.

The book is exceedingly interesting and readable. The attention of the reader is strongly seized at once, and he is carried along in spite of himself, sometimes protesting, sometimes doubting, yet unable to lay the book down. — *Chicago Standard*.

“DANIEL WEBSTER.”

The massiveness of Mr. Lodge's subject, the compass and high significance of many of the single themes with which he has had to labor, and the voluminous amount of the material requiring his critical study would seem to have demanded a singular skill of compression in bringing the results within this small volume. Yet the task has been achieved ably, admirably, and faithfully. — *Boston Transcript*.

It will be read by students of history ; it will be invaluable as a work of reference ; it will be an authority as regards matters of fact and criticism ; it hits the key-note of Webster's durable and ever-growing fame ; it is adequate, calm, impartial ; it is admirable. — *Philadelphia Press*.

“ALBERT GALLATIN.”

The greater part of Mr. Stevens's frank, simple, and straightforward book is devoted to a careful narrative of Gallatin's financial administration, and next in importance to this is the excellent chapter devoted to Gallatin's brilliant diplomatic services. The study of an honorable and attractive character is completed by some interesting pages of personal and domestic history. — *New York Tribune*.

It is one of the most carefully prepared of these very valuable volumes, . . . abounding in information not so readily accessible as is that pertaining to men more often treated by the biographer. . . . The whole work covers a ground which the political student cannot afford to neglect. — *Boston Correspondent Hartford Courant*.
